Task Interaction Model

UX PROCESS SIMPLIFIED

A course by : Muhamad Ahsan Pervaiz

Task Interaction Models

To model the way **user interacts with the system** while completing a specific TASK we need to create Task Interaction Models

It shows required steps and user actions to complete a task

UX Process Simplified

Muhammad Ahsan
UI/UX Interaction Designer

Essential Parts of Task Interaction Model

Task Name

Task Goal

Task Trigger

Needs during the task

Barriers faced by user during the Task
